Family Services of Warren County Inc.

Family Services of Warren County was founded in 1889 and originally named The Children's Aid Society. We have gone through several name modifications over the years as well as several locations, but we have always remained true to our original mission of supporting the local population in any way we have been able.

"Family Services strives to be an essential part of helping the community heal and grow to its fullest potential."

CURRENT SERVICES FOR THE COMMUNITY

Exit surveys from clients have repeatedly indicated a major issue being access to the facilities and our services due to limited communal transportation. Moving to a central location allows for more options to access the new facility and places us more in line with our saying:

- ▶ *“Empowering individuals, children, and families to seek their greatest potential by offering innovative and holistic healing through professional counseling.”*

WHY ARE WE LOOKING TO MOVE?

Current Location

- ▶ Outgrown it
- ▶ Isolated from community
- ▶ Limited accessibility for clients
- ▶ Limited transportation
- ▶ Limited confidentiality options
- ▶ Low profile
- ▶ Client attendance is more uncertain leading to lower revenue

New Location

- ▶ Ample room
- ▶ Integrated into community
- ▶ Easier accessibility for clients
- ▶ Walking distance for most
- ▶ Confidentiality options increased
- ▶ High profile
- ▶ Higher client attendance means increased and steadier revenue
